

TOWN OF LUNENBURG

RFP TOL20242019

FIRE TANKER VEHICLE

ADDENDUM #2 – JULY 31, 2024

1. The document requests a front bumper extension w/ hose bin.
 - a. The document speaks to inclusion of a pump house due the curbside (passenger side) plumbing requirements.
 - b. The document states a length restriction of 372 inches / 31 feet.
 - c. Building a truck this short with these features is not feasible for us.
 - i. The center of gravity is going to be pushed beyond limits set by our Engineering team; the tank would be far too tall.
 - ii. Even with the inclusion of electronic stability control, we would not build a configuration like this.
 - d. We ask that you consider a length of approximately 36 feet and an addendum stating such.

A: Yes, we approve of the length be amended to a total length of 39ft (468inches)

2. Page 11 of 18 / Monitor Screens,
 - a. Multiplex wiring is standard in the chassis; please advise the purpose for the two (2) screens.
 - b. As this is a two-door cab, what is the desired location for the screens?

A: The purpose of 2 screens is to make one easily visible for the driver and passenger.

Located in a position so both can see.

3. Page 13 of 18 / Exhaust Extraction,
 - a. Please advise the type of system used and the adapter used.
 - i. This will allow an accurate costing for the bid.

A: : Plymovent Model OS-3 – Blower Operating System with a Pneumatic Grabber currently designed to fit a 5-inch tail pipe.

4. The bid close is shown as August 19, 2024,
 - a. Ask that an extension be granted to August 26, 2024,
 - i. Chassis representative / staff responsible for quoting are on vacation.

A: Unfortunately, the date will not be extended, August 19, 2024 will be the closing date.

- b. We find that the document is not clear on the submission method,
 - i. Is an email submission acceptable?

A: Yes, email (PDF) will be accepted before deadline.

Please refer to Page 4 of 18 -1.6 Opening
