

TOWN OF LUNENBURG

TOLRFQ004

Vacuum Truck Services – Lift Stations & Catch Basins

ADDENDUM #1

1. Regarding traffic control. Who is responsible?

A: Traffic control is the contractor responsibility.

1. Is there a water source available through the Town?

A: Yes, water is available at the Wastewater Treatment Plant site (125 Starr St) or other location(s) designated by the Town

2. Is there a dump site available on town property?

A: Yes, the Town has an area on Starr St for discharging.

3. There is reference Schedule "A" to a spotter. What does this mean? We have two people on a vac crew. Are there more people required for Town work?

A: Same as above – spotter/traffic control contractor responsibility. Contractor responsible to provide all crew/workers to complete schedule A as required.

4. Does the hourly work apply to just time on site? How is travel to and from handled?

A: This is up to the Proponent to detail in their submittal.
