ADDENDUM #1 – Tree Delivery and Planting

1. What size tree's are you looking for? Is there a minimum size?

minimum 50mm-60mm (caliper).

2. Can you provide any of the planting locations? Are they machine accessible?

They are all accessible with a small machine - within the street right-of-way (generally just off the shoulder of the road).

3. Will any reinstatement to the current landscape be needed?

If damage or disruption to the current landscape occurs, yes reinstatement is required.

4. Is planting detail up to us? (Soil depth, mulch ring and tree staking methods)

Yes, we would like to see the methodology of this in your proposal.
